#### **Conversations for a One Planet Region**

# Working together for a One Planet Region

14 September 2017

#### This is what it is all about

#### This is what it is all about

### **Conversations for a One Planet Region**

#### <u>Vision</u>

 The Greater Victoria Region achieves social and ecological sustainability, with a high quality of life and a long life in good health for all its citizens, while reducing its ecological footprint to be equivalent to one planet's worth of biocapacity.

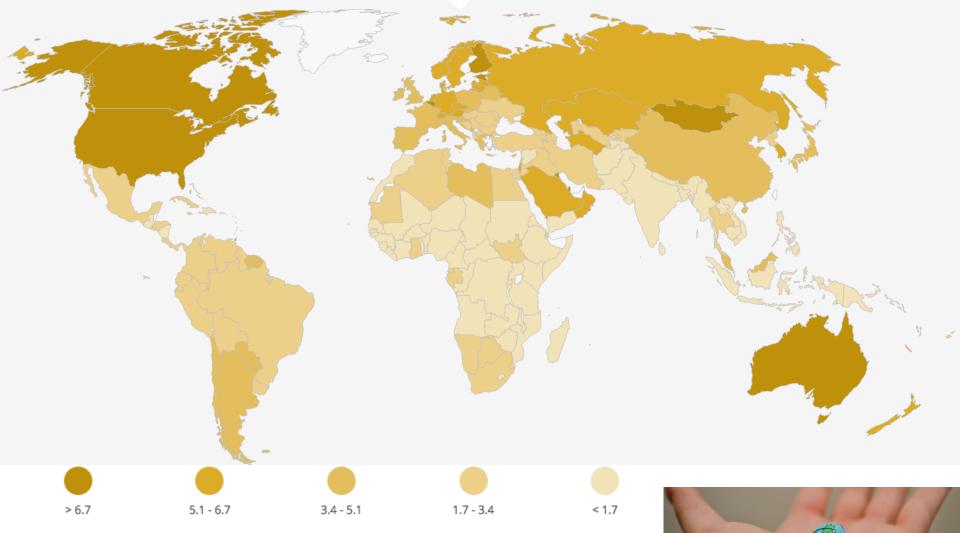

#### **Mission**

 The Mission of *The Conversations* is to establish and maintain community-wide conversations on One Planet living and a One Planet Region.

### Conversations for a One Planet Region - Aims

- Facilitate widespread community discussion of the concept of a One Planet Region with a high quality of life, engaging as many community sectors and groups as possible in as many ways as possible.
- Facilitate the development of a tangible vision of what a One Planet Region would look and feel like, what it would mean for me in my daily life.
- Facilitate the formal adoption of a One Planet Region Plan for the Greater Victoria Region and mechanisms for tracking and reporting on our progress.

#### **Ecological Footprint per Capita** (in global hectares: 1.7 = I Planet)

### **10 principles of One Planet Living**

Bioregional Annual Review, 2015 -16

#### **Overview of this session**

 We are bringing together groups that are working to address holistically the environmental, social, wellbeing and economic issues related to the concept of a One Planet Region.

## The panel

- Conversations for a One Planet Region Trevor Hancock
- Creatively United for the Planet/ Solutions Hub – Frances Litman
- Greater Victoria Acting Together Peggy Wilmot
- Social-Environmental Alliance/ Common Vision, Common Action – Ben Isitt
- Cities for Everyone Todd Litman

#### Plans for the next year

An ongoing series of Conversations

- September 28, 5 7 PM Measuring progress towards a One Planet Region - Panel
- October 19, 5 7 PM An education system for a One Planet Region
- October 26, 5:30 7.30 PM Industrial and engineered ecology and cities
- November 9, 5.30 7.30 PM Mobility and Transport for a One Planet Region
- November 23, 5 7 PM A just and sustainable food system for a One Planet Region
- December 14, 5 7 PM Arts for a One Planet Region

#### Plans for the next year/2

2018 – Possible topics - More focus on processes for change

- Victoria's Ecological Footprint
- Governance for the Commons
- Common Vision, Common Action The shared policy platform
- An Indigenous approach to a One Planet region
- Faith and the One Planet Region
- Legislating the Right to a Healthy Environment
- Green Business
- A social enterprise economy
- Mapping a 'One Planet' region together

#### Plans for the next year/3

- An ongoing series of Conversations
  - Move towards processes for change
- Broaden and deepen
  - Webcast to other sites
  - Short videos
  - Engage young people (Young Urbanists)
  - Continuing Ed course at UVic?
  - Community mapping?
  - Jane's Walks
    - Sept 23 Dockside Green
  - Workshops/Conferences?

#### Plans for the next year/4

- Measure Happy Planet Index
  - Local work on EF- see next week
  - International linkages

Research funding

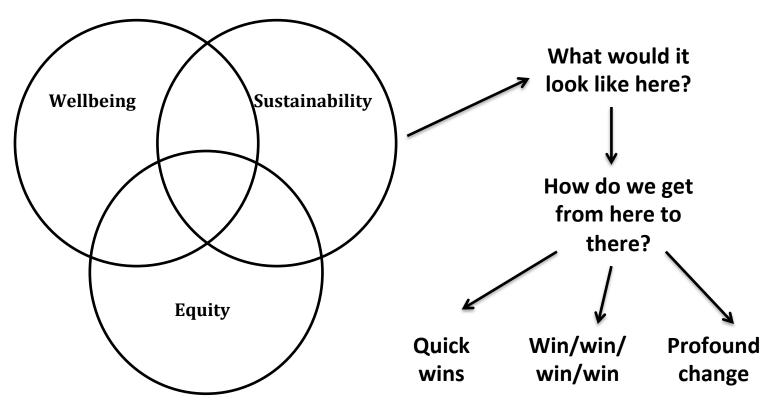

Community-wide, long-term charette

Research funding?

 Seeking funding for broadening and deepening

#### **Speaker's Guide**

- What is already happening locally?
- What can you do/join in with to make a difference?
- What group/organisation can you join?

#### **GVAT** presentation
